About Us

WHAT IS SMARTNEWS

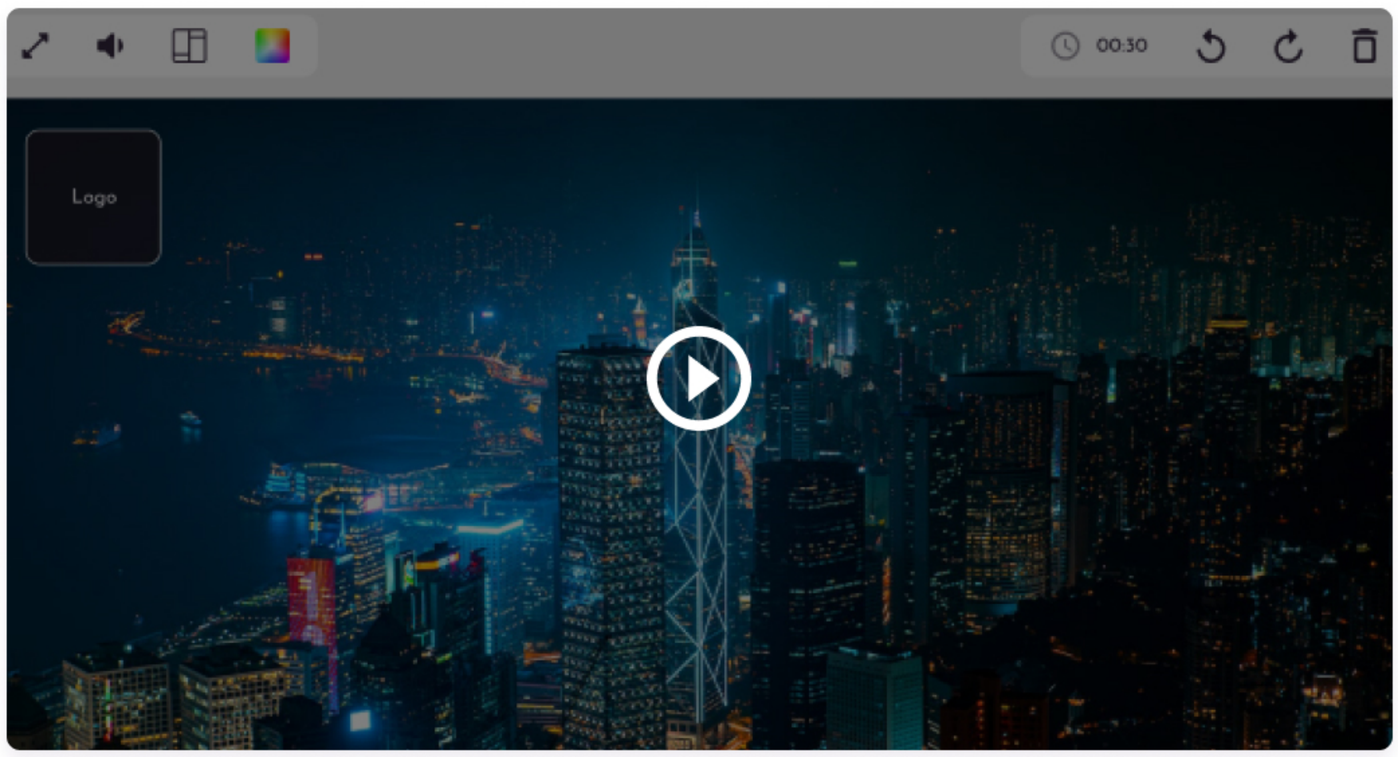

La SmartNews di Wipov è un prodotto video in VVE (Vertical Video Experience) che, attraverso l'inseri- mento di blocchi testuali, favorisce la corretta narrativa giornalistica.
La SmartNews di Wipov ha tutte le caratteristiche del video di informazione ideale per le nuove esigenze del web:

- tempistica, video di breve durata;
- formato, verticale (9:16):
  - semplicità, storytelling informativo essenziale.

Per valorizzare la narrativa giornalistica, in ogni blocco video è possibile inserire la parte testuale con una metrica che si presta efficacemente, sia alle esigenze dell'utente, che allo sviluppo di uno storytell- ing conciso ed esplicativo.
La connotazione smart con queste specifiche caratteristiche rende la notizia più rapida e accessibile gar- antendo all'utente una facile comprensione, e al giornale (o giornalista) una diffusione capillare in rete.
